ENJOY FUN IN THE SUN WITH BUSINESSES ON MJM LINES

Summer is upon us this month, if you are looking for places to take the family, go on a date night, or just a nice and relaxing evening, check out these great summer fun locations on MJM lines.

FORE!

If Golf is closer to your idea of Summer Fun, MJM lines cover a few golf courses as well:

TIMBER LAKES GOLF COURSE

(pictured above) located in Staunton, IL
<https://www.timberlakesgc.com/>
 (618) 635-4653
 3120 Forest Lake Lane
 Staunton, IL 62088

INDIAN SPRINGS GOLF COURSE

located in Fillmore, IL
<https://indianspringsgolf.net/>
 (217) 538-2392
 21347 Illinois Rte 185
 Fillmore, IL 62032

OR TAKE THE FUN OFF-ROAD!

HILLBILLIE RANCH

located in Jerseyville
<https://hillbillieoffroad.com/>
 (618) 223-3232
 20491 Otterville Rd. Jerseyville, IL 62052

With 40+ miles of trails 2 large mud pits and a 17 acre Mud Plex with ramps, tire pit, telephone pole section, whoops, and more you are sure find plenty of fun for the whole family.
***MEMBERSHIP AND WAIVER REQUIRED**
 (available online)

ECKERT'S GRAFTON FARM

20995 Eckert Orchard Rd, Grafton, IL 62037
eckerts.com/location/grafon-farm

Opening at the end of June, Eckert's has a wide range of family fun activities and events throughout the year. You will find apples, pumpkins, peaches, blackberries, the Kids' Corral, Miniature Golf, the AppleFest, the Grafton Market, and Concessions.

Member Services Coordinator

How to report an outage:

Call 217-707-6156 or use your SmarHub app.

- When you report an outage, give your name and location number.
- Before calling, check your fuses or circuit breakers.
- Check with your neighbors. Call to report hazardous conditions.

Please do not report outages on Facebook/Social Media.

MJM Along the Lines (USPS 854-620) is published monthly for \$3.00 per year by MJM Electric Cooperative, Inc., P.O. Box 80, Carlinville, Illinois 62626. Second-class postage paid at Carlinville, IL. POSTMASTER: Send Address changes to MJM Along the Lines, P.O. Box 80, Carlinville, IL 62626.

**At the MJM Headquarters:
18300 Shipman Road, Carlinville, IL**

***business meeting begins at 6:35pm**

**Please bring your Annual Meeting Booklet
for easy Registration and Voting!**

PLEASE RECYCLE

CAPITAL CREDITS

How do they work?

1. MJM records show how much electricity you buy and how much money you pay for it throughout the year.
2. At the end of the year, MJM completes financial matters and determines whether there are excess revenues, called margins.
3. MJM allocates the margins to the members as "capital credits" based upon their use of electricity during the year.
4. When MJM's financial condition permits, our board of directors/trustees decides to retire, or pay, the capital credits.
5. MJM notifies you of how and when you will receive your capital credits retirement.

Capital Credits: are they considered taxable income?

If you are a residential customer, you will only receive a 1099 tax form from MJM if your Capital Credit check is more than \$600.

If your electric service is for business purposes, and payments for electricity are deductions in the calculation of taxable income, Capital Credits will affect your income tax liability. You may want to consult with your tax advisor.

BEFORE JUMPING IN

KNOW THESE 6 POOL SAFETY TIPS

Keep these electrical safety tips in mind before and during swimming season. These safety tips also apply to hot tubs.

1. Keep anything that is plugged in at least 5 feet from the pool. The farther, the better.
2. Have a licensed contractor inspect the pool/hot tub wiring to ensure it meets code requirements.
3. Know where electrical switches and circuit breakers are and how to operate them.
4. Keep pool skimmers and other far-reaching tools more than 10 feet away from overhead power lines.
5. Make sure all outdoor outlets are GFCI protected. Test them once a month.
6. Do not touch electrical devices when you are wet or in contact with wet surfaces.

Teach these tips to kids and teens, especially when it comes to using a cell phone that is plugged into an outlet.

Electrical Appliances: How Much Power Do They Consume?

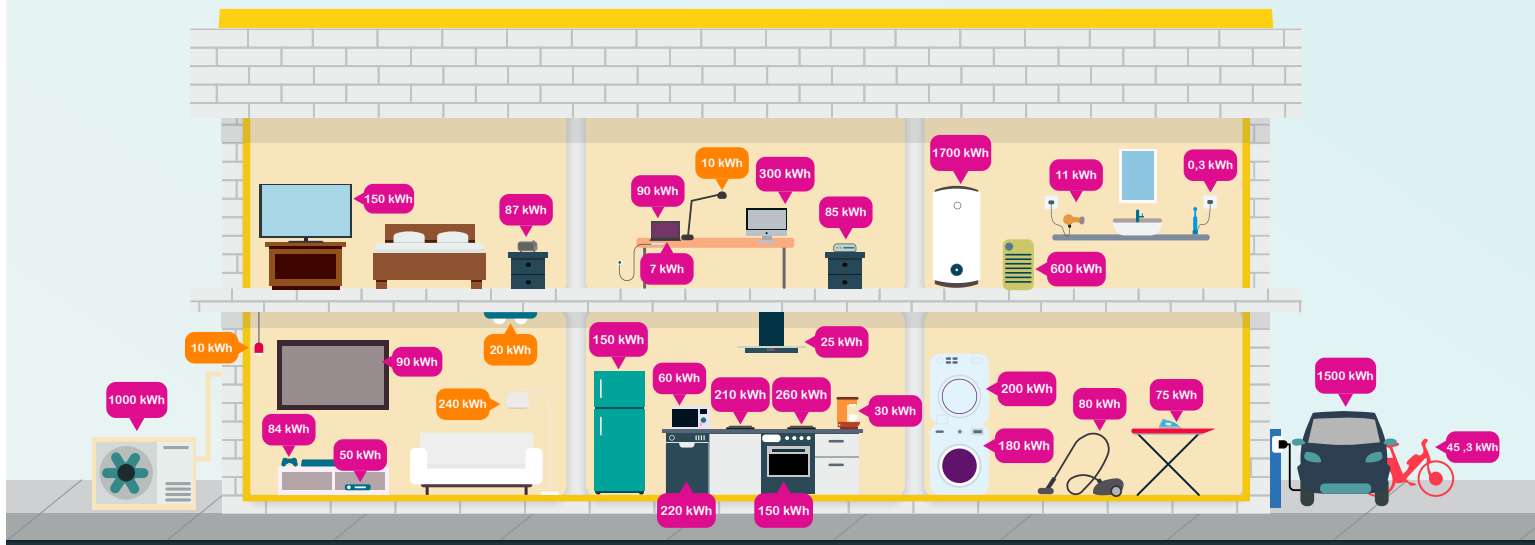

To save energy efficiently, you need to know which appliances consume the most.

How is consumption calculated?

$$\frac{(x \text{ days}) \times (x \text{ hours of use}) \times (x \text{ watts})}{1,000} = x \text{ kWh / year}$$

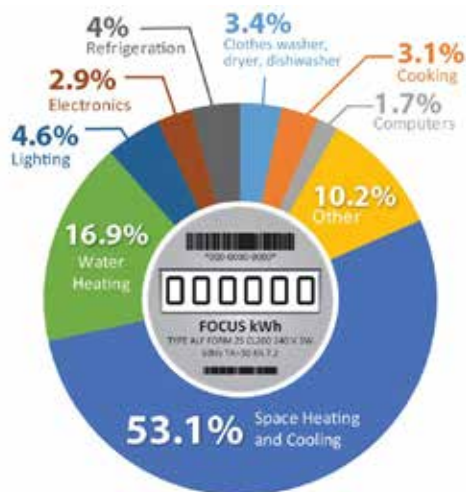

How much does it cost ?

Multiply the kWh indicated by the price.

How a typical home uses energy:

SUMMER HEAT IS ON THE WAY!

The Summer months in the Midwest can produce sweltering temperatures coupled with high levels of humidity. Our energy bill can tend to rise as we seek comfort and refuge in our home's air conditioning. Energy use differs from one home to another. Factors such as number of people living in the home, size of the home, how long appliances are plugged in, how many clothes you wash, and more have an impact on how much energy your home uses.

There are several things all households can do to help save energy in these upcoming summer months:

- Make sure the house has a proper level of insulation and air seal. **Air sealing is one of the most significant energy efficiency improvements you can make to your home.**
- Central air/other cooling systems have been serviced and are running at peak efficiency level.
- Be mindful/conservative in the temperature setting: 78 degrees is considered the "normal" summer setting (*on average 1 degree can save you 2% on your monthly bill - US Dept. of Energy*).
- Turning off fans and lights when you leave a room.
- Upgrade your appliances/electronics to Energy Star energy efficient models: www.energystar.gov

Where a typical home loses energy:

CONVENIENCE WITH MEMBERS IN MIND

PAYMENTS MADE EASY

Our new facility's drive-thru includes an awning which will help protect you from inclement weather and save you time while making payment for your electric service.

In addition, if you do not require a payment receipt or stop by after normal business hours, you will still have the option to submit your payment in a secure drop box located under the drive-thru awning and built right into the building. This drop off option will be available 24/7 for your convenience.

Payment options that MJM offers with the Member's best interest in mind:

Inside our lobby, Drive thru window, the drop box (if you do not want a receipt), calling IVR's secure card payment line (1-855-313-6314), on our website (www.mjmec.coop), through the SmartHub app, and mailing it to MJM's office (PO Box 80, Carlinville, IL 62626).

For those Members that are interested, we also offer an auto pay option. By logging in to our website or the app, you can set up recurring monthly payments which will continuously automatically process each month on the due date using a credit/debit card or checking account for payment.

** We encourage Members to use the method of **electronic check payments** as this option is less expensive to the Cooperative as compared to fees related to credit and debit card transactions. Checking account payments may be processed as a one-time payment or recurring monthly auto payments.

CURRENT APPLICATION DEADLINE IS JULY 4TH

Section 501(c)(3), 501(c), and 509(a)(1) non-for-profits organizations are encouraged to apply for an Operation Round Up (ORU) grant. Please send all applications, additional forms, and paperwork to Operation Round Up, **P.O. Box 80, Carlinville, IL, 62626.**
(or email completed pdf files to info@mjmec.coop)

To Download the ORU Application
visit: mjmec.coop/operation-round

MEMBER TRADING POST

COME SEE US AT THE FAIR!

MJM WILL BE AT MACOUPIN AND MONTGOMERY FAIRS

We hope to see you out at the fair this year! We will have a electric safety demonstration and some giveaways for our members that stop in and say hi.

MACOUPIN COUNTY: JUNE 7th - 11th (Carlinville, IL)

MONTGOMERY COUNTY: JUNE 22nd - 26th (Butler, IL)

MJM EV CHARGING STATION INFO AND SPECS

This electric vehicle charging station is a Level 2 commercial charging station capable of charging 2 vehicles at once.

The cost to charge is \$0.20 / kWh and it might take 3-5 hours to add 40 miles of range to a vehicle. The MJM ChargePoint Station is the only listed public use EV charging station within 30 miles.

There are three ways to start a charging session:

- Tap to charge. With the ChargePoint app installed, you can start a charging session by holding your phone over the reader symbol on the station. Make sure you have the app and are signed into your account.
 - * *iPhone: In the ChargePoint app, go to Menu, select Account and then Manage Cards. Pick "set it up," add your ChargePoint pass to Apple Wallet and tap your phone on the station to charge.*
 - * *Android: Enable NFC, turn your phone screen on and tap your phone on the station to charge.*
- Start charging from the app. Choose the station and click the 'Start Charge' button.
- Use your ChargePoint card. Just tap your activated ChargePoint card (make sure to activate it) on the card reader symbol on the station.

If you need help, call driver support at **1-888-758-4389**.

The Steps to Restoring Power

When a major outage occurs, our crews restore service to the greatest number of people in the shortest time possible – until everyone has power.

- 1. High-Voltage Transmission Lines**
These lines carry large amounts of electricity. They rarely fail but must be repaired first.

- 2. Distribution Substations**
Crews inspect substations, which can serve hundreds or thousands of people.

- 3. Main Distribution Lines**
Main lines serve essential facilities like hospitals and larger communities.

- 4. Individual Homes and Businesses**
After main line repairs are complete, we repair lines that serve individual homes and businesses.
