METERING FOR DWELLINGS

POLICY

It should be the policy of M.J.M. Electric Cooperative to require every building or enclosure used as a single dwelling receiving service on Schedule A or Prepaid Electric Service (PES) Rates to have installed on or adjacent to it an electric meter to record electric energy used in such dwelling.

RESPONSIBILITY

President/CEO and Management

PROCEDURE

Locations where more than one dwelling is receiving service from one electric meter shall be called to the attention of the Engineering Department for installation of separate meters and the Member shall be notified in writing by the Cooperative of the requirement of separate metering for each dwelling. The service shall be subject to disconnection 30 days following notification if required additional metering has not been installed.

Marcie Tonsor, Secretary
