

## And the Photo Contest Winner Is....

*First Place Photo by Rebecca Root*

They say photos are worth a thousand words. Sometimes those photos explain more than what words could ever. MJM recently hosted a Member Photo Contest to help gather pictures that could be framed in the new headquarters. We wanted to communicate with photos just all who MJM reaches. Where these photos were taken makes MJM Electric Cooperative who it is.

We had a total of 17 submissions, and they were all fantastic photos! However, we did have to choose one as our grand prize winner. In order to choose the winner, we opened voting up to the staff inside of MJM. The photo contest winner is Rebecca Root of Carlinsville. Her photo was taken outside of their family farmstead under a sunset sky. Congratulations to Root as she will be receiving a \$50 bill credit. There was some tough competition. In the end, the votes between first and second were so close that we decided to announce a second-place winner. Our second-place winner is Don Johnson of Bunker Hill. Johnson will be receiving a \$25 bill credit. He sent his photo of the family farm being the pot of gold at the end of the rainbow.

Thank you to all who participate in our fun, photo competition. To see all the competitors, go to our Facebook page. In the meantime, these two photos will be prepared to be placed in our new headquarters. We are counting down the days to move!

## REAP WHAT YOU SOW: STAY SAFE DURING PLANTING SEASON

Long hours and fatigue are a constant battle for farmers during planting season. If you farm, remember to take care of yourself by getting as much rest as possible and allowing yourself breaks to clear your head.

Be especially aware of electrical hazards around the farm. Be cautious and think twice before acting around electricity. **Safe Electricity** offers farmers the following reminders:

- If your machinery or vehicle comes in contact with a power line, do not get out. Once contact has been made with a live line (even when your tractor or truck makes contact), you are now a “pathway to ground” and you could get electrocuted if you step out. Instead, stay where you are and call 9-1-1 to dispatch the appropriate utility to de-energize the power.
- If you come across an accident or incident near a downed power line, alert individuals (from a distance) to stay in the tractor or vehicle as long as there is no imminent danger. Do not approach the scene.
- When using machinery with long extensions or tall antennas and when using ladders, look up to avoid contact with overhead power lines.
- Even if there is no contact, an electrical current can jump or arc so keep equipment at least 10 feet from surrounding power lines at all times.
- Remember, non-metallic materials (such as tree limbs, ropes and hay) can conduct electricity, depending on dampness and dust/dirt accumulation.
- Visually inspect overhead lines, which may not meet height codes due to age or pole damage. If a wire is hanging low or is on the ground, consider it energized and stay at least 50 feet away; call 9-1-1 to have the operator dispatch the utility.
- Every day, map out where equipment will be moved to ensure it will clear power lines.
- When working in the vicinity of power lines, always use a spotter who has a broad vantage point.
- Train anyone working with or for you (including seasonal employees) to be aware of power line locations and teach them proper clearance distance. Also design and implement a safety training program that includes a review of electrical hazards and how to safely deal with power lines.
- According to American Family Insurance, “know your PTO.” To stay safe when working with a power take off (PTO), always disengage the PTO, turn off the engine and remove keys before getting off the tractor. Also, never step across a rotating power shaft. ⚡

## Smooth Parking Ahead!

Surfacing of the parking lot began on Monday morning, April 20th, by Ricky Brothers Asphalt Paving, and completed on Wednesday, April 22nd. Thankfully, the weather cooperated during this time. Unfortunately, there are still no definite plans of a move in date. 🚧

# Unclaimed Capital Credit Checks, 1981 - 1982

In September 2019, MJM returned over \$453,400 in capital credit allocations to members who purchased electricity from 1981 through 1982. MJM mailed checks to the last known addresses on file for these members. As of April 9, 2020, the list below contains the names of Members whose checks were returned to us by the post office because of incorrect addresses, or whose checks have not been cashed. If your name is listed below, or if

you have an updated address for someone on this list, please contact MJM at 217-707-6156. If one of your relatives is on the list and he or she is deceased, we are able to rewrite the check in the name(s) of the Member's heir(s). The paperwork can be found online at <https://mjmec.coop/what-are-capital-credits-0>. You can also contact MJM directly to request that MJM mail you the paperwork. 📬

## *Welcome, Jeremy Pattillo!*

MJM would like to give a warm welcome to Jeremy Pattillo of Litchfield as the newest hire! Pattillo started on April 13<sup>th</sup> as the Director of Finance and Accounting. He originally began his career at Kerber, Eck & Braeckel in Litchfield after receiving both his undergrad from Eastern Illinois University and his masters at Southern Illinois University Edwardsville in Accounting. He is also a licensed Certified Public Accountant. After working 8 years with multiple public accounts, Jeremy is ready for the transition to work with one entity and discover ways he can help MJM serve its Members to the best of his ability.

Pattillo and his high school sweetheart are married with a daughter, Rosalie, who will be two in July. When he's not at work, he and his wife enjoy fixing up older houses. They are currently living in a house that was built in 1912 and are in the middle of a kitchen remodel.

Even though starting a new job during the middle of a pandemic might not have been the ideal time to learn and meet new co-workers, we are elated to have Jeremy join the MJM team despite it all! 🎉
