**SECTION III – MEMBERS AND CONSUMERS**

**Policy 16    Approved: 1/25/1962**

**REVIEWED: 08/27/2015    11/29/2018**

**REVISED:    10/26/1978    11/30/2010**

**METERING FOR DWELLINGS**

**POLICY**

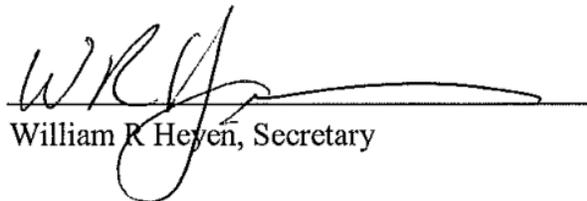

It should be the policy of M.J.M. Electric Cooperative to require every building or enclosure used as a single dwelling receiving service on the Schedule A Single Phase Rate to have installed on or adjacent to it an electric meter to record electric energy used in such dwelling.

**RESPONSIBILITY**

President/CEO and Management

**PROCEDURE**

Policy is to be called to the attention of the Membership at regular intervals through publications or notices. Locations where more than one dwelling is receiving service from one electric meter shall be called to the attention of the Engineering Department for installation of separate meters and the Member shall be notified in writing by the Cooperative of the requirement of separate metering for each dwelling. The Service shall be subject to disconnection 30 days following notification if required additional metering has not been installed.
